TAT MING

CASE STUDY

Expressive surfaces. Considered interiors.

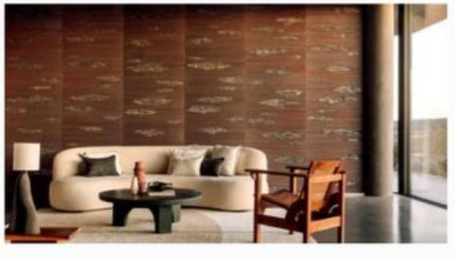

01 / THE EXPERIENCE

Many materials.
One considered place.

A visual journey through wallcoverings, fabrics and flooring. Tat Ming brings expressive surfaces and international collections into one digital destination.

02 / A CLEAR PATH

From inspiration to a material choice.

Room imagery creates the first connection. Collections narrow the search. Product details bring the material into focus.

01

Explore

Find a material category.

02

Compare

Browse brands and finishes.

03

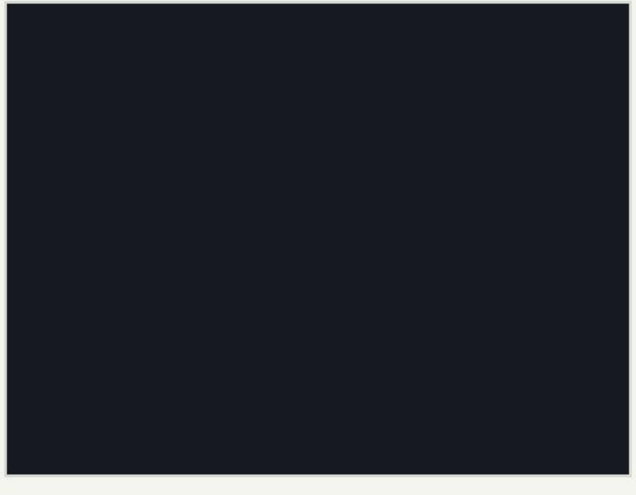

Discover

Read the product details.

03 / VISUAL LANGUAGE

Quiet interface.
Expressive materials.

White space and dark type keep the interface clear. Warm accents complement the colour and texture within the collections.

05 / WALLCOVERINGS

A world of wallcoverings.

Elitis, Arte, Tower, Designtex, Omexco and Custom Print create distinct routes into the wallcovering range.

BROWSE BY BRAND

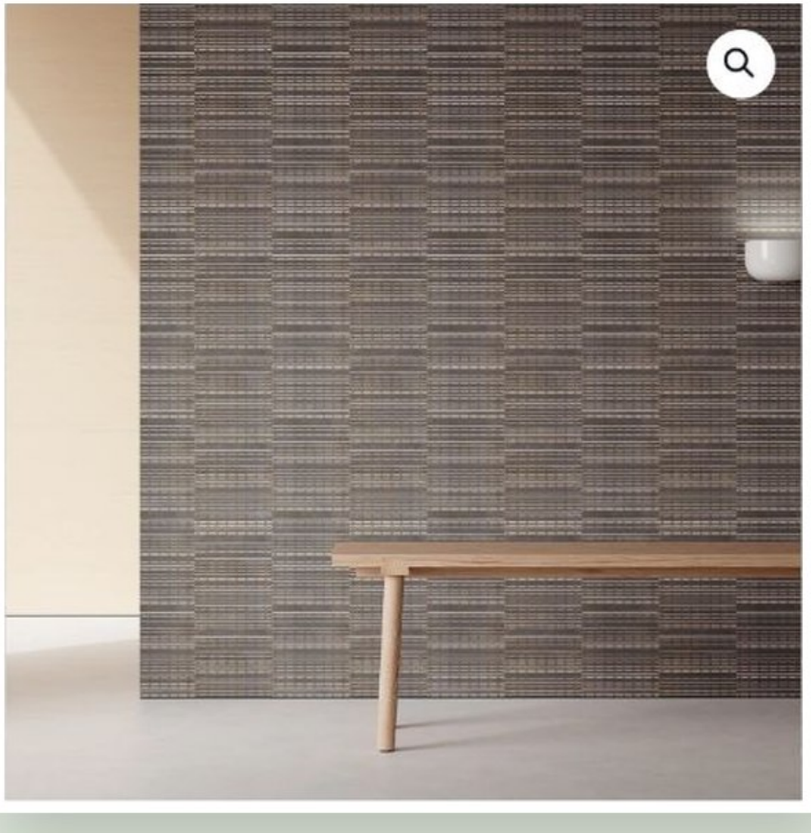

BETWIXT / PRODUCT

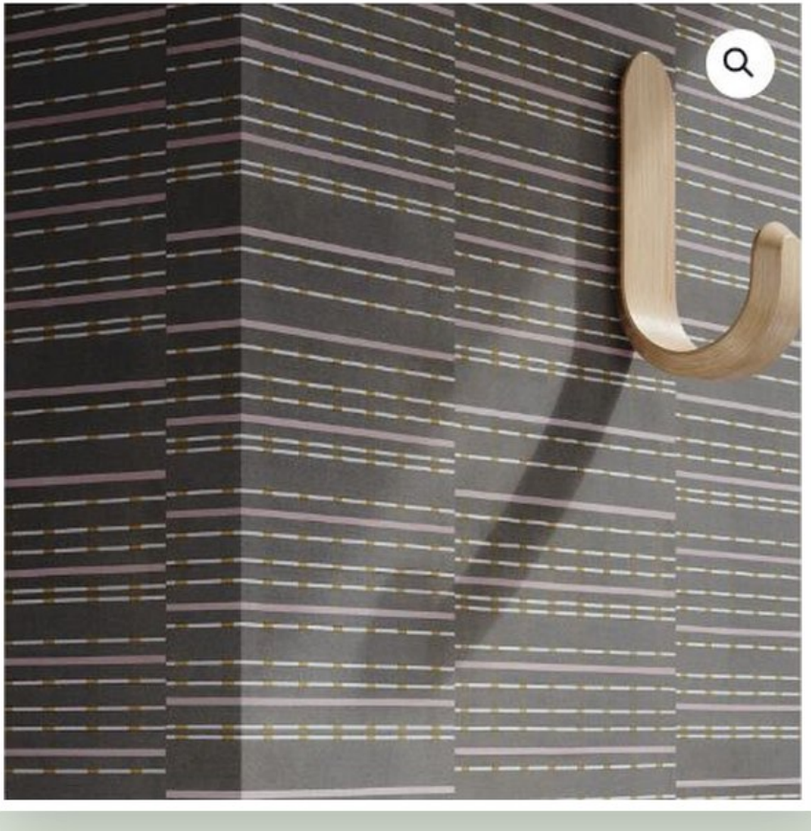

Graphic rhythm, in detail.

Betwixt brings a ribbon-like pattern together with composition, installation and performance information.

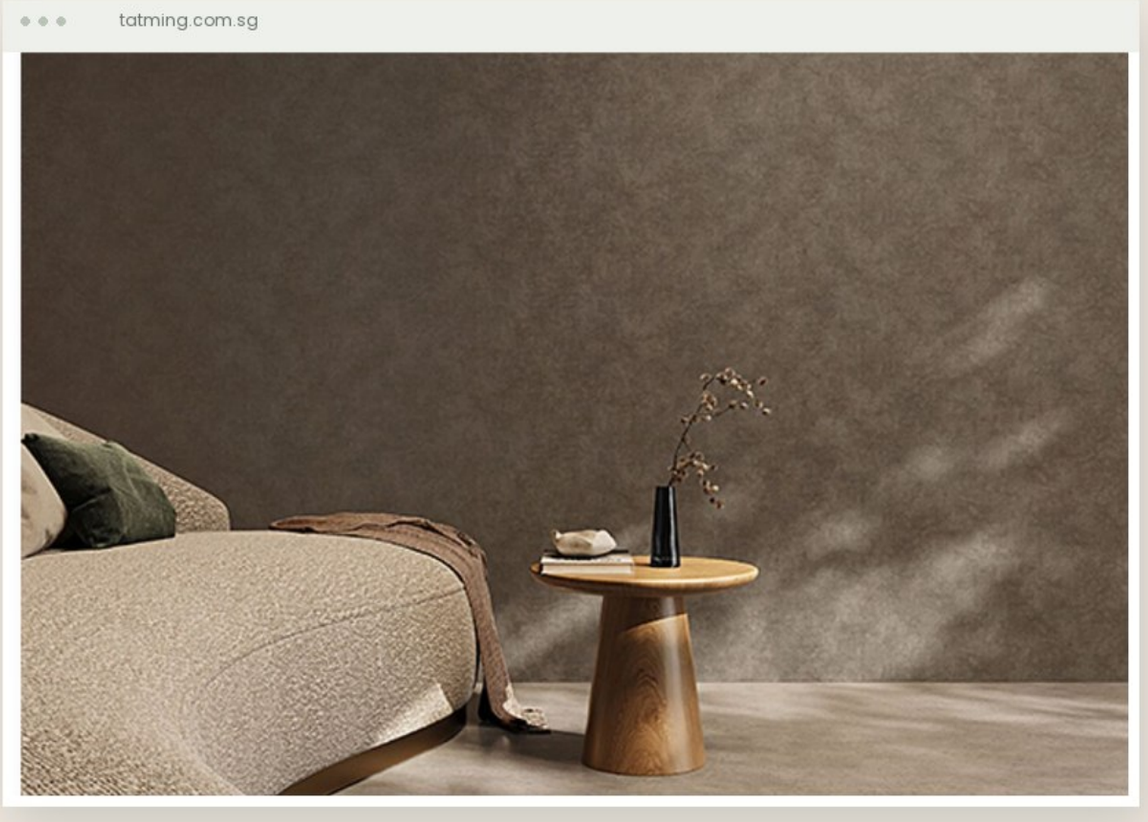

tatming.com.sg

tatming.com.sg

TOWER / INTERIORS

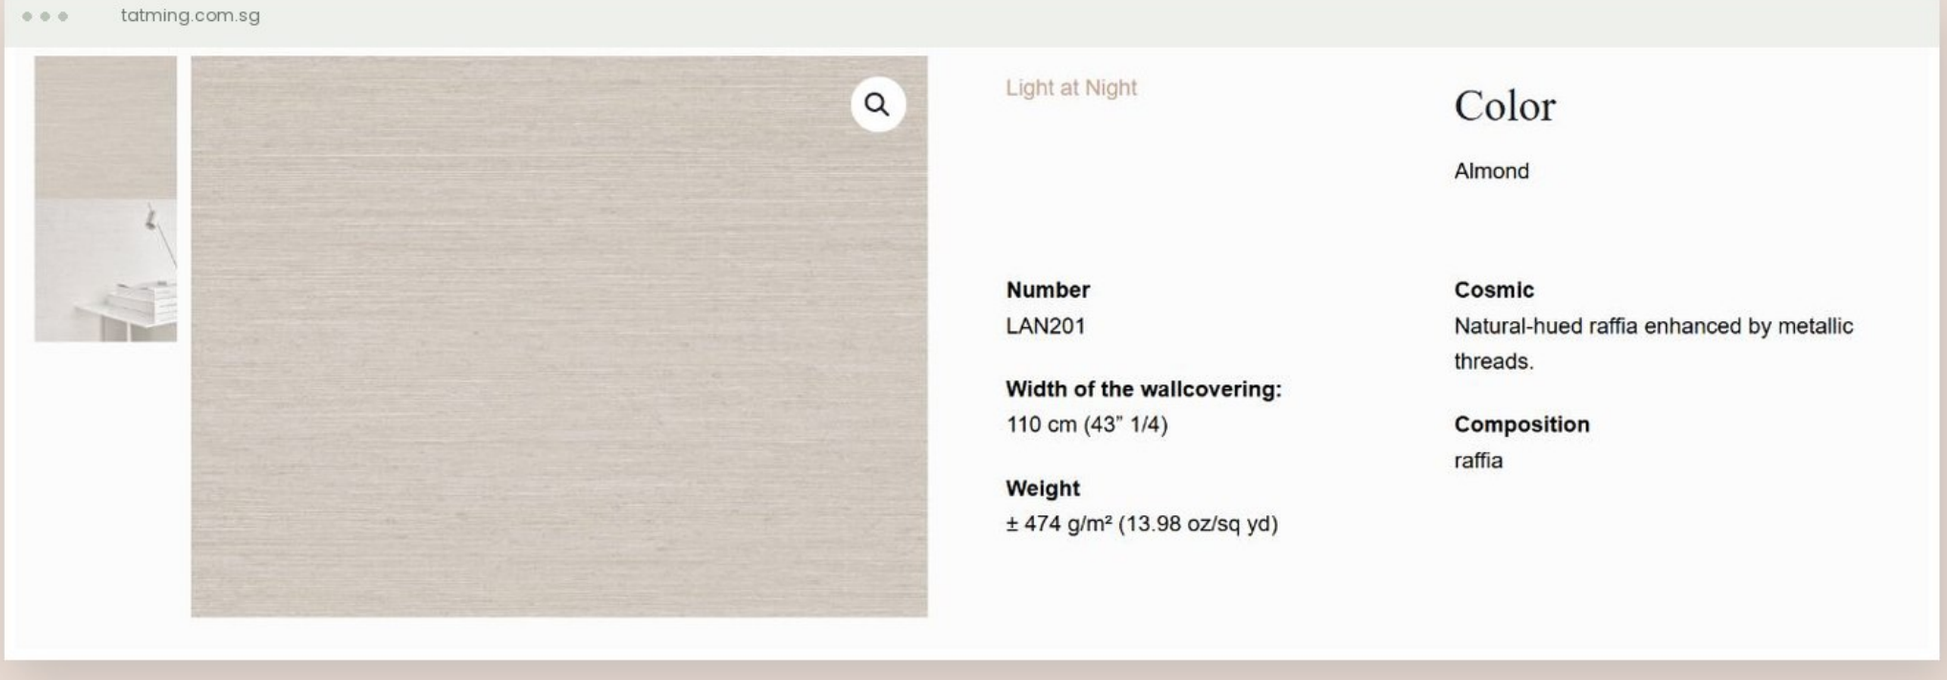

Texture shapes the atmosphere.

Tower pairs a tactile wall finish with a softly lit bedroom, showing the material within a finished setting.

OMEXCO / PRODUCT

A softer kind of detail.

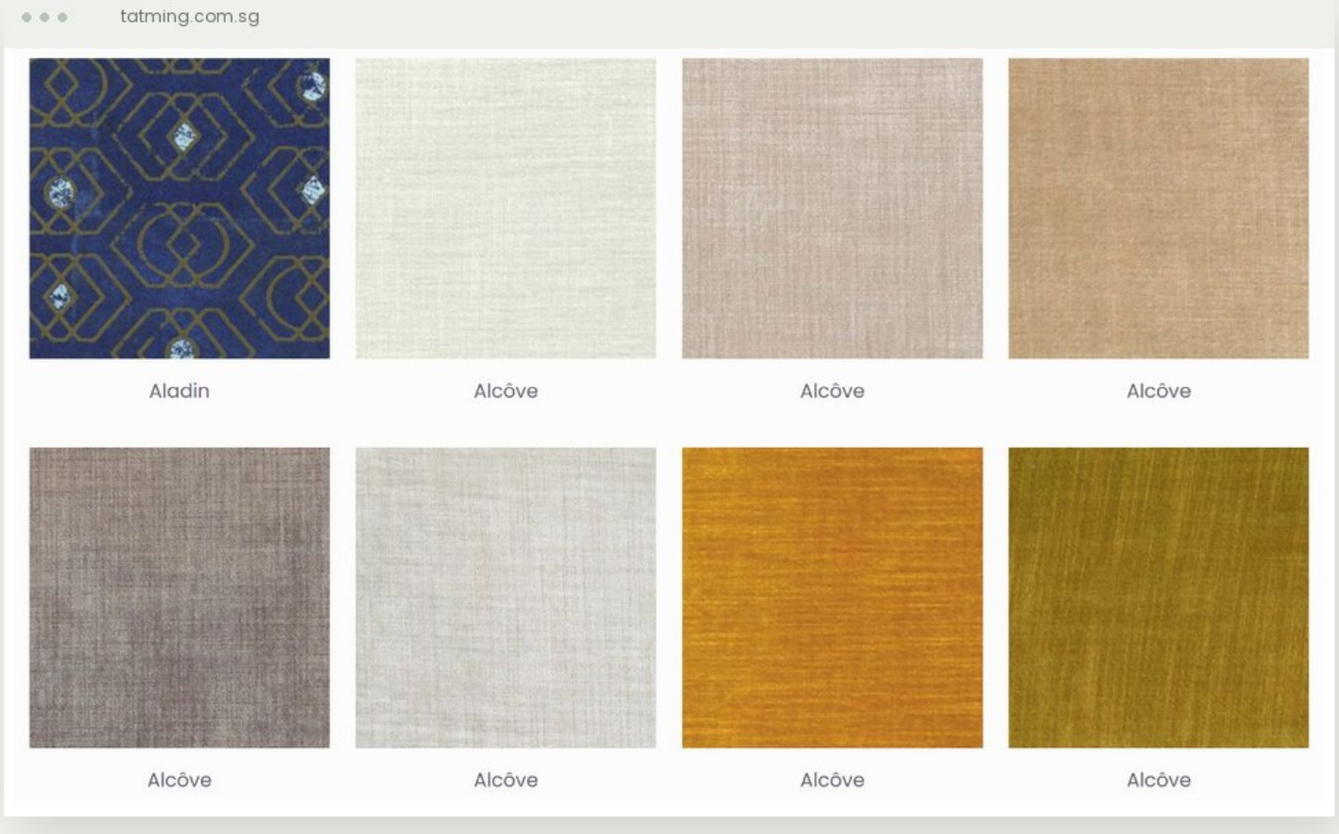

Omexco’s Light at Night collection pairs natural-hued raffia with clear reference and composition details.

09 / VISUAL SELECTION

Texture takes the lead.

A consistent product grid brings subtle finishes and bold surfaces into one easy-to-scan collection.

ORPHEE / PRODUCT

Craft, brought into focus.

Orphée combines sisal texture and metallic detail. The product view gives the finish and its specifications equal attention.

tatming.com.sg

Orphée – Un univers contemporain

Maestria

IBurstsi motif in Gesso with metal highlights, in a handmade sisal creation.

+ Products
Handmade product, 100% raw material

Fire classification
Euroclass B-s1,d0 / Certificate ASTM E84 on demand

11 / WALLCOVERING PRODUCT

Cocoon, in detail.

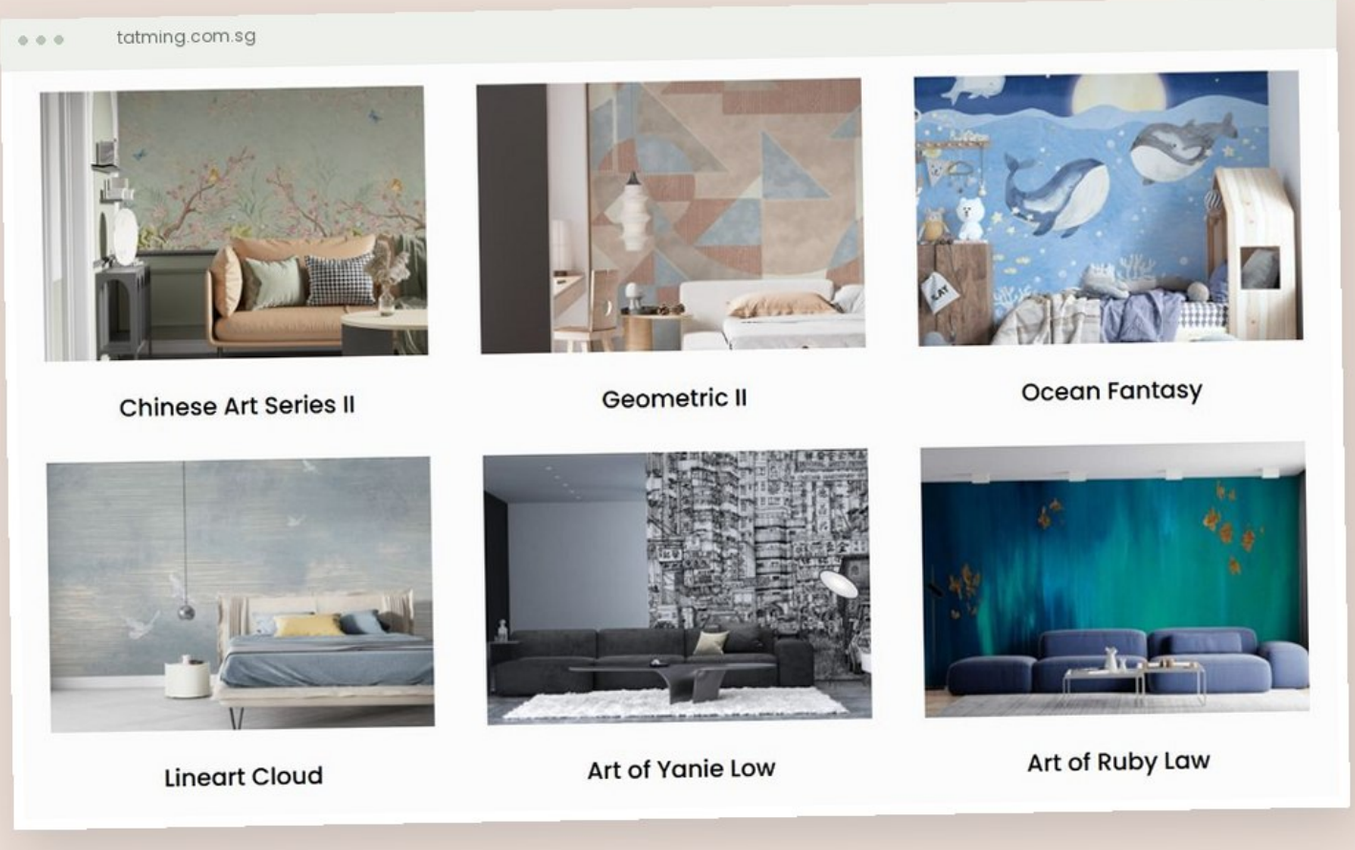

A complete interior photograph sits alongside the material reference and specification table.

12 / CUSTOM PRINT

Walls with imagination.

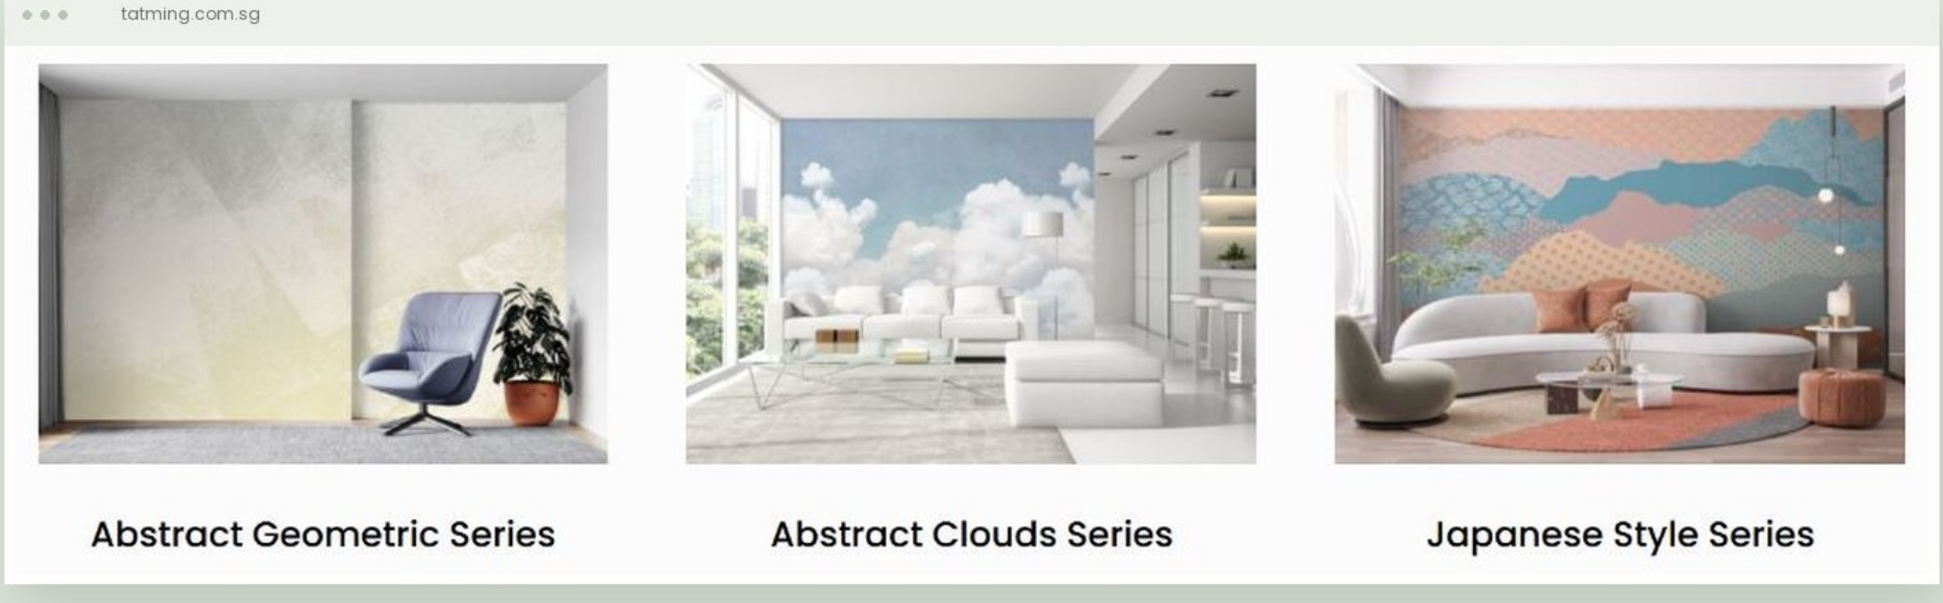

From graphic geometry to artist collections, Custom Print turns a wall into a more personal expression.

ABSTRACT / COLLECTIONS

A new horizon indoors.

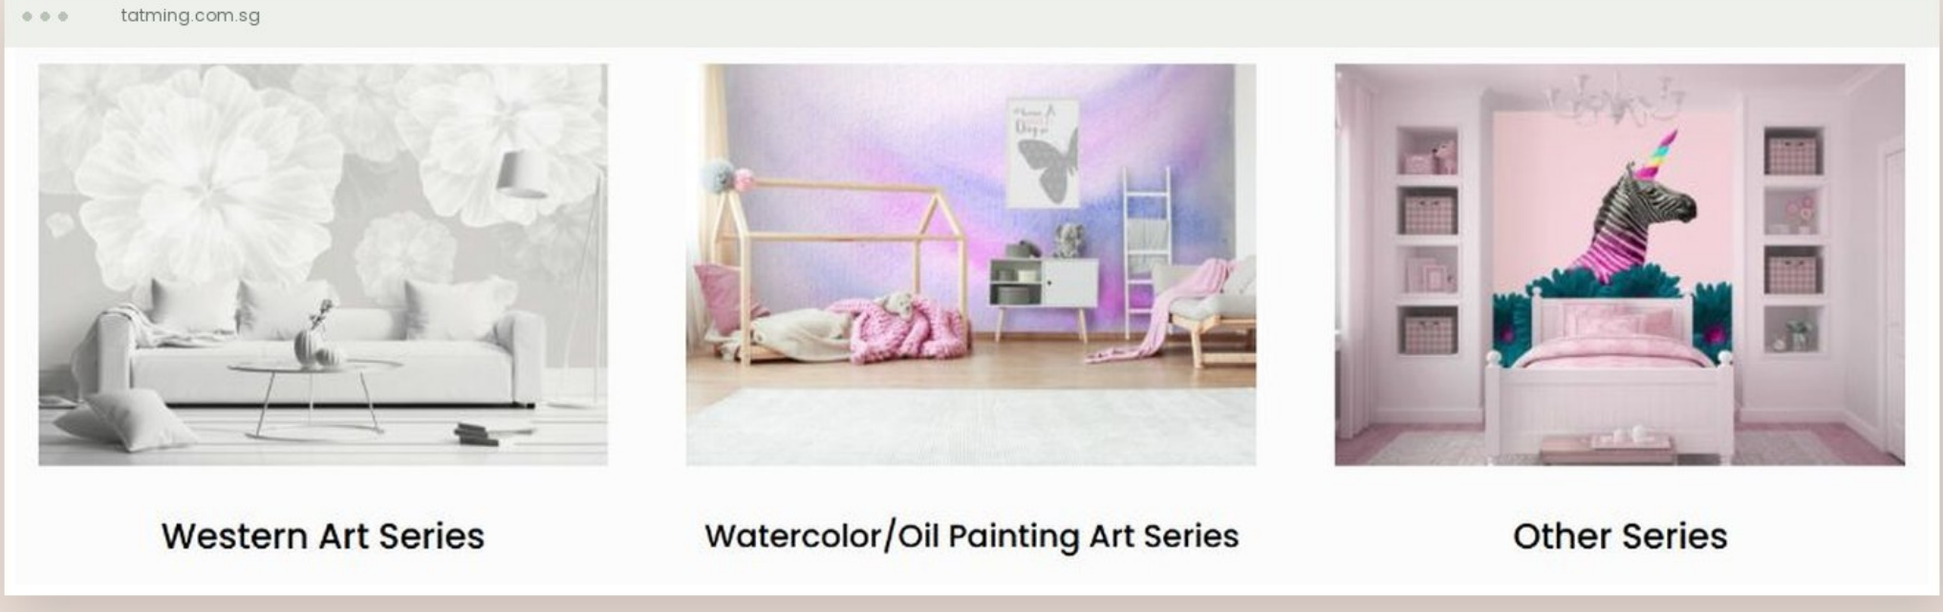

Geometric, cloud and Japanese-inspired collections turn entire walls into atmospheric backdrops.

ART / COLLECTIONS

Art belongs in the room.

Oversized florals, painted colour and unexpected imagery extend the range of custom print possibilities.

15 / FABRICS

Softness, with character.

A poolside setting introduces fabric through colour, pattern and atmosphere.

TEXTURE / COLOUR / COMFORT

16 / COLLECTION ENTRY POINTS

Two ways to shape a room.

Elitis and Designtex sit side by side: expressive textiles and contemporary interiors, presented through inviting room photography.

17 / TEXTILE BROWSING

A rhythm of colour.

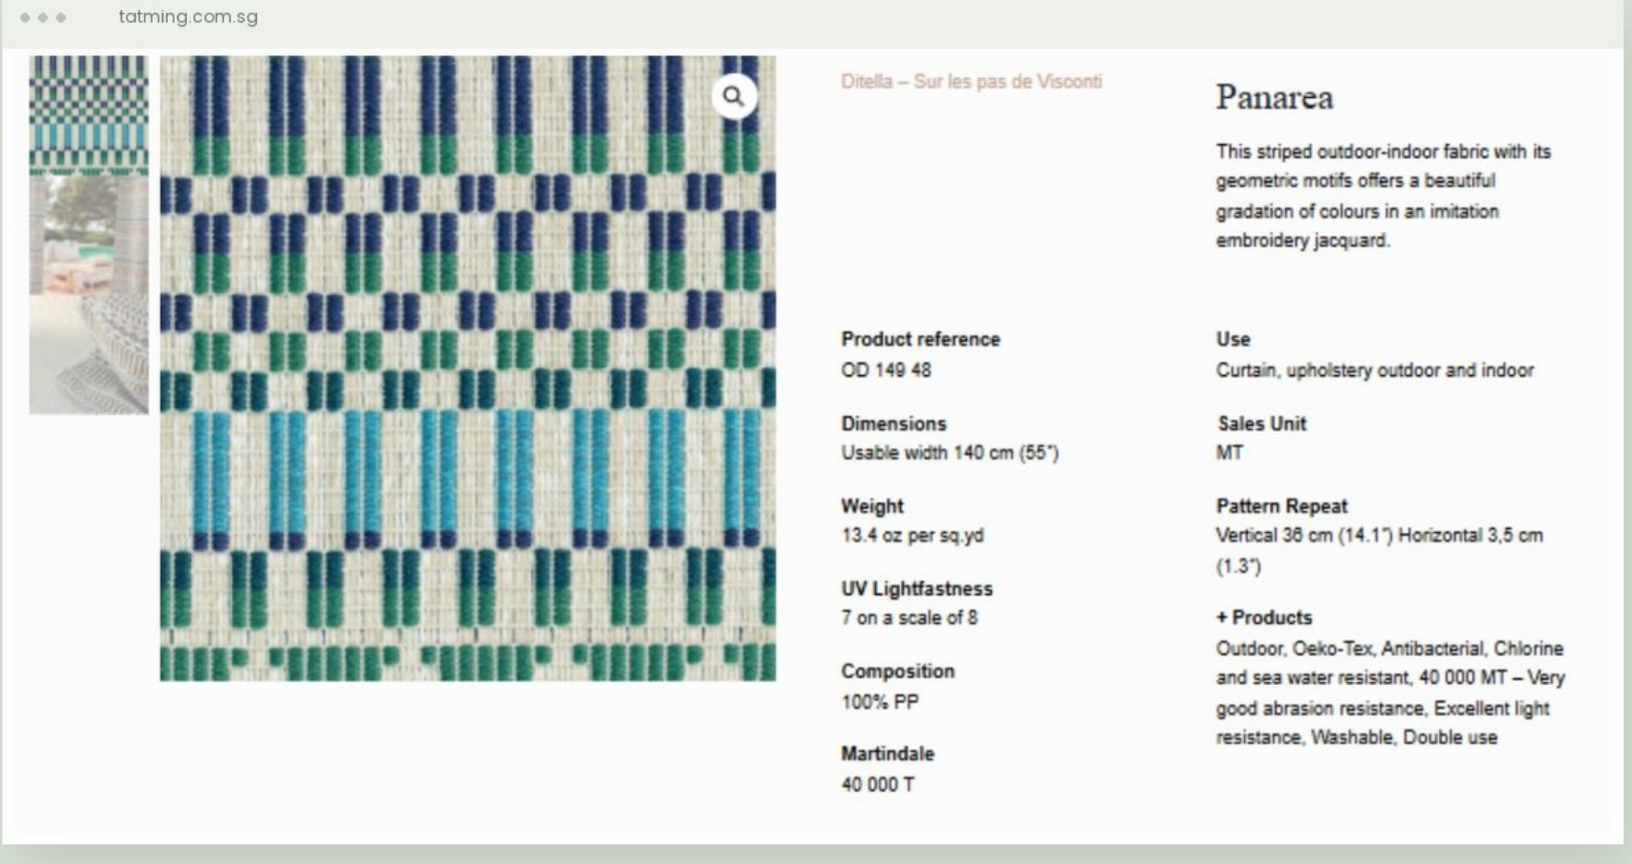

The Muzza grid makes surface and colour easy to compare. Consistent image sizes bring order to a varied palette.

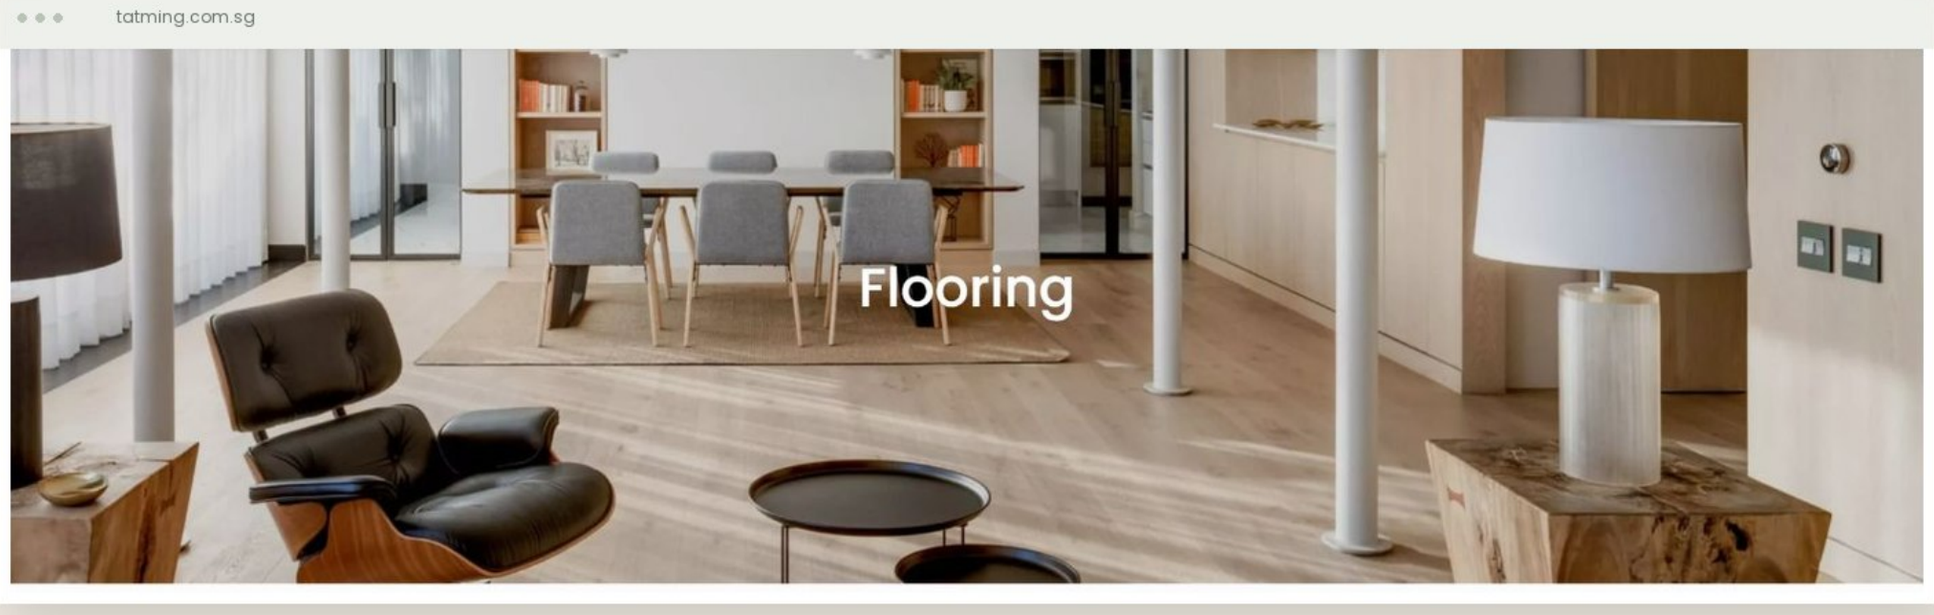

18 / FABRIC PRODUCT

Pattern meets precision.

Ditella pairs its woven pattern with practical information on dimensions, composition and use.

19 / FLOORING

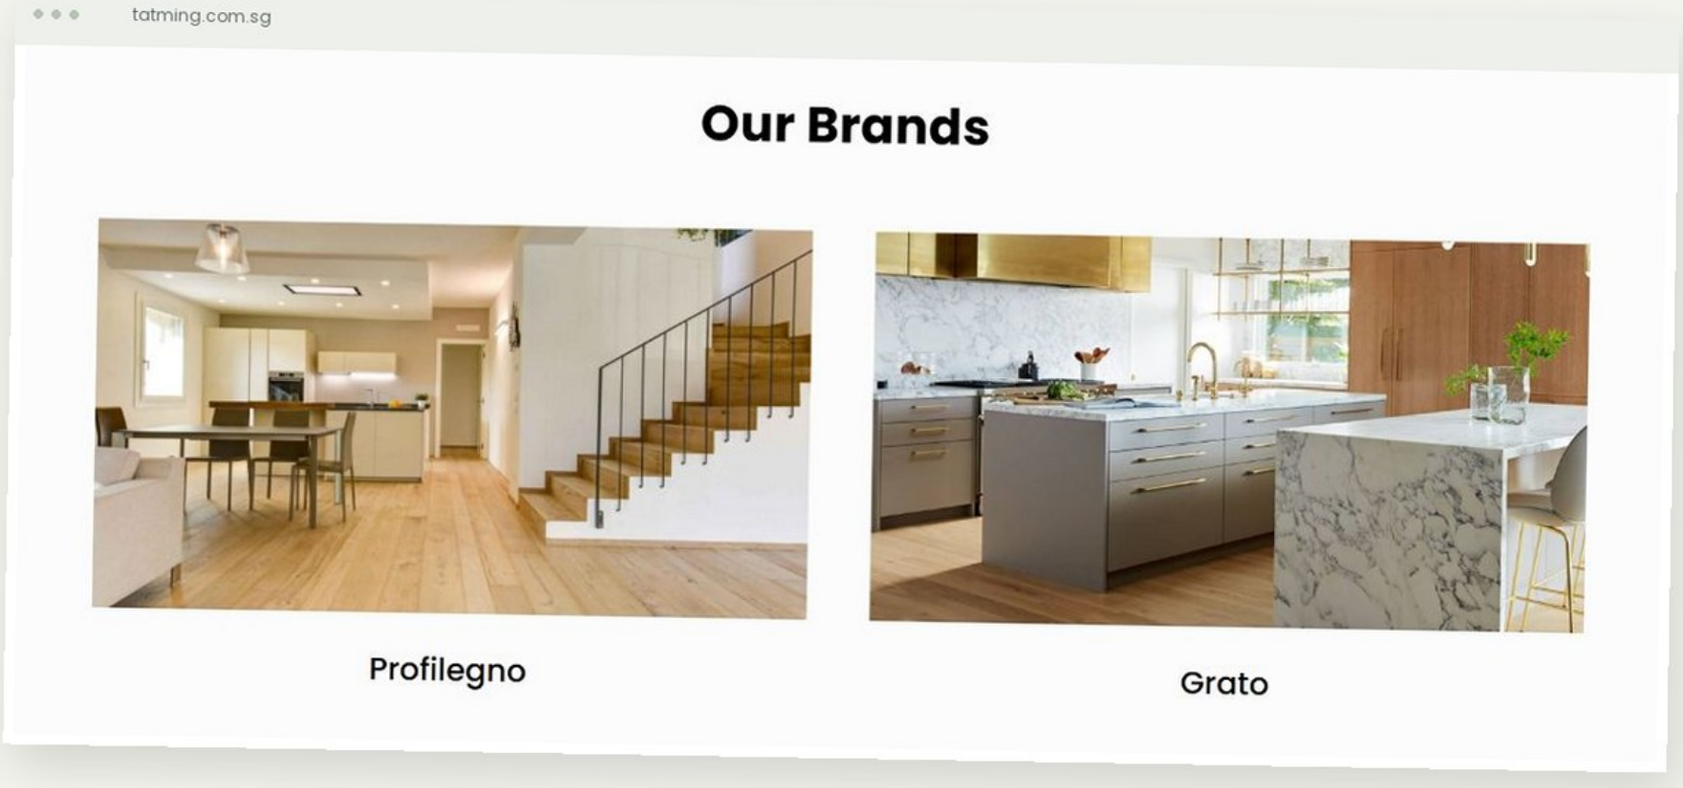

A foundation for living.

Finished interiors show how flooring works with light, furniture and the wider room.

20 / FLOORING COLLECTIONS

The room begins from the ground.

Profilegno and Grato offer two visual starting points, with the products shown in complete interior settings.

21 / MOVING INSPIRATION

Meet the makers.

Designtex and Elitis film previews bring pattern, craft and brand personality into the browsing experience.

DESIGNTEX DIGITAL STUDIO

22 / THE PEOPLE BEHIND THE MATERIALS

A story rooted in interiors.

Founded in 1981 as Tat Ming Wallpaper, the group connects its material collections with a wider story of people, places and craft.
